

Our district office, transportation complex, and all three school buildings are located on Licking Valley Road NE, also known as Licking County Route 668. To access Route 668, use State Route 16 and turn north onto Route 668. Once you are on Route 668, proceed approximately ¼ mile, and turn right onto Licking Valley Road NE, cross the railroad tracks, and proceed up the hill.

Once you reach the top of the hill the first building you will see on your left is Licking Valley Middle School. At the north end of the middle school parking area, behind the building, you'll find our District Office, housing our Superintendent, Treasurer, and district support staff. Our athletic complex can also be found near the district office building.

To get to Licking Valley High School and Licking Valley Elementary School, pass the middle school at the top of the hill and continue on Licking Valley Road NE to the traffic signal at the bottom of the hill. Turn left at the light onto Hainsview Drive to get to the high school, or turn right at the light into the Elementary drive.

The Licking Valley Transportation complex, which includes our bus parking area and maintenance building, can be found by continuing through the traffic signal at the bottom of the hill and proceeding on Licking Valley Road NE for approximately ½ mile. The transportation complex will be on your left as you approach it.
