For Graduating Class of 2025:

Each student must earn at least twenty-two and one quarter (22 ¼) credits in order to graduate and receive a diploma. The distribution of such credits is to be as follows:

<u>SUBJECTS</u>	<u>CREDITS</u>
English Language Arts	4
Health	1/2
Physical Education	1/2
Mathematics	4 (including 1 unit of Algebra II or the equivalent)
Science	3 (including 1 in life science, 1 in a physical science, and 1 unit advanced study in one or more of the following sciences: chemistry, physics, or other physical science; advanced biology or other life science, astronomy, physical geology, or other earth or space science)
Social Studies	3
Electives	6 (5 elective credits must meet state of Ohio elective requirements)
Freshman Foundations	1/2
Financial Literacy	1/2
Service Learning	1/4 (30 hours of community service)
<u>TOTAL CREDITS</u>	22 1/4

* Additionally, students are required to have successfully completed two semesters, or its equivalent, of Fine Arts in any grades, 7-12.

** Students must also meet state testing requirements, which are graduate year specific.

Academic Honors Diploma Checklist

Class of 2025

Honors diploma criteria are set by the state of Ohio.

Students must meet 6 of the 7 following criteria to earn an academic honors diploma at graduation.

_____ **4 Credits of Math.** Students must take algebra I, geometry, algebra II (or equivalent), and one other higher level course OR a four-course sequence that contains equivalent or higher content.

_____ **4 Credits of Science.** Advanced science refers to courses that are inquiry based with laboratory experiences. They must align with the grades 11/12 standards (or above) or with an Advanced Placement science course or entry-level college course (clearly preparing students for a college freshman-level science class, such as anatomy, botany or astronomy).

_____ **4 Credits of Social Studies.** Students may get credit for both an American history course and/or the Advanced Placement (same for government and world history).

_____ **3 Credits of one Foreign Language.** Only credits from courses that are sequential and proficiency based (e.g., Spanish levels I, II, III or German I and II and French I and II) fulfill the honors diploma requirement. Sequential classical (e.g., Latin, Ancient Greek) and visual (e.g., American Sign Language) languages DO fulfill the honors diploma requirement.

_____ **1 Credit of Fine Art.** Courses taken in middle school may meet the general graduation requirement of two semesters of fine arts, but a course must count for high school credit (be high school level work or above) to count for the honors diploma. Dance, drama/theatre, music and visual art courses all count as fine arts courses.

_____ **3.5 Cumulative GPA.** GPAs must be calculated on an unweighted 4.0 scale.

_____ **27 ACT or 1280 SAT.** Students must have scores of 27 or higher on the ACT or 1280 or higher on the 2016 SAT or their equivalents on previous or future versions of the tests. The score for SAT was updated due to the new SAT exam.
