Performance Index

The Performance Index measures the test results of every student, not just those who score proficient or higher. There are six levels on the index and districts receive points for every student in each of these levels. The higher the achievement level the more the points awarded in the district's index. This rewards schools and districts for improving performance.

Indicators Met

Indicators Met measures how many students have passed the state tests at a minimum level, called proficient, or higher. Test results are reported for each student in a grade and subject. At least 75 percent of students must pass to get credit for the indicator. Starting in the 2013-14 school year, a district or school needs to have 80 percent of their students pass at a minimum level or higher in order to "meet" an indicator.

Progress Details

This table shows the Progress scores by test grade and subject.

No data returned for this view. This might be because the applied filter excludes all data.

Although Progress scores are not assigned letter grades at this level of detail, the grading scale applied at the Overall (All Students, All Tests) level is:

A = 2.0 and up
B = 1.0 to 1.9
C = -1.0 to 0.9
D = -2.0 to -1.1
F = below -2.0

Progress vs. Performance Index

This bubble chart shows the relationship between each subgroup's performance index results (horizontal axis) to the Value-Added letter grade (vertical axis). The size of the bubble represents the size of the student subgroup.

A No data returned for this view. This might be because the applied filter excludes all data.

Annual Measurable Objectives

Annual Measurable Objectives (AMOs) compare the performance of all students to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in reading, math and graduation – and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.

The red line on each graph identifies the Annual Measurable Objective. The 2013 AMO for Reading is 83.4%, for Math is 78.5%, and for Graduation Rate is 75.9%. Subgroups with fewer than 30 students are not rated and do not appear on the graphs.
