Resolution Permitting the Third Grade Assessments of English Language Arts and Mathematics to be Administered by Paper and Pencil

It is recommended we accept the following resolution.

Whereas the Ohio mandated Third Grade English Language Arts Assessment is a high-stakes test, in that students who do not achieve a proficient score as set by the Ohio Board of Education, and who do not achieve an equivalent score on an approved vendor assessment (for Licking Valley this is the MAP Assessment) must be retained in third grade for reading instruction; and

Whereas state test data indicates that students, in general, perform better on the state mandated assessments when students take them in paper-pencil format as compared to when students take them via computer; and

Whereas our students have experienced numerous and significant testing abnormalities when participating in the state’s online testing system; and

Whereas these testing abnormalities are not fixable during the assessment period, and are rarely if ever addressed afterwards in a way that allows the student to have a fair opportunity to truly demonstrate what they know and are able to do; and
